

GULF WESTERN

THE TOUGH AUSTRALIAN

PRODUCT DATA

BRAKE CLEANER

Description

Gulf Western Brake Cleaner is a highly effective, solvent based liquid that has been specifically designed for cleaning brake and clutch parts. It has been laboratory formulated from fast drying solvents that evaporate quickly leaving parts ready for immediate re-assembly. It is non residual ensuring that further cleaning is not required.

Gulf Western Brake Cleaner has no deleterious effects on rubber used in brake systems (unlike many other more crude solvents) and has been lab tested to meet strict standards of performance. This product is used in a variety of other critical industrial applications such as aviation and defense.

It is suitable for drum and disc brakes. Best results are achieved using spray applicators. This Brake Cleaner product is highly flammable and should be used with care.

Please refer to the product MSDS prior to using.

Typical Characteristics

| | |
|---------------------|--------------------------------------|
| Product Code: 42213 | 20lt |
| Appearance: | Clear Liquid |
| Odour: | Slightly Sweet Solvent Odour |
| Solubility: | Slightly Soluble in Water |
| Flammable: | Highly Flammable |
| ADG Code: | Class 3 Flammable (Packing Group II) |
| Specific Gravity: | 0.67 |
| Flash Point: | < 0 °C |

Typical characteristics are only a guide to industry and are not necessarily manufacturing or marketing specifications and do not constitute any legal liability.

PRODUCT DATA

BRAKE CLEANER

Workability

Gulf Western Brake Cleaner contains active constituents that will rapidly soften and dissolve the strong bonding between the contaminants and the brake lining causing the contaminants to detach and run off. Gulf Western Brake Cleaner contains powerful reagents enabling penetration into narrow crevices and difficult to get to areas. Gulf Western Brake Cleaner is safe to use as a general purpose cleaner and is very effective at cleaning other workshop equipment including vices, tools, metal frames etc.

Warning

Intentional misuse by deliberately concentrating or inhaling contents can be harmful or fatal. Keep in a cool dry place away from sun. Do not store above 50°C. Do not use near fire or naked flame. Do not incinerate this can even when empty. Dispose of waste residues and empty cans thoughtfully.

Health And Safety

Keep out of reach of children. For first aid and emergency refer to Material Safety Data Sheet or contact the Poisons Information Centre on 13 11 26.
